

A Message of Thanks

This Scholarship has helped lift the burden of my financial worries enormously and through your support, I was able to pay off my first year of university while still being able to focus on my academics. Completing my first year of post-secondary school during a pandemic was already stressful enough and the Herbert H. Carnegie Scholarship gave me the reassurance that **no matter how hard things can get, there is always a way to push through!**

It is my dream to become a French teacher in one of Toronto's disadvantaged neighbourhoods to express/exhibit representation of a young and successful black career woman.

This first step towards my educational goals has further encouraged me to complete my studies and this would not have been possible without the help of Bernice Carnegie and the Herbert H. Carnegie Scholarship. I am forever thankful for your generosity.

Alaysia Willis

2020 Recipient

The Herbert H. Carnegie Scholarship
